

a

a: null SD of the hit count over the binomial SD of independent tests at the route's own null hit rate (bars) and at 5 % (ticks); dashed line: ratio = 1.

b

b: null range of the Route A1u hit count, 2.5th to 97.5th percentile of 1,000 permutations. Dotted line means 5 % of 182 tests, the naive expectation.
