■ Route A1 ◆ observed count, within the null range

◆ observed count, above the null range

a

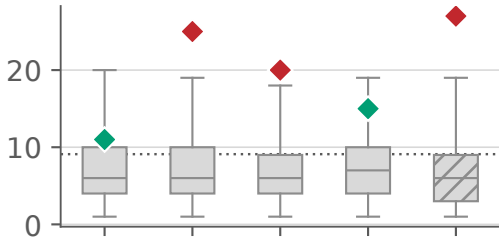

H. influenzae
S. aureus
S. pneumoniae
S. pyogenes
P. aeruginosa †

a: inflation of the null distribution of the hit count relative to independent tests. Dashed line means independent tests (ratio = 1).

descriptors passing the filter

H. influenzae
S. aureus
S. pneumoniae
S. pyogenes
P. aeruginosa †

b: null range of the Route A1u hit count, 2.5th to 97.5th percentile of 1,000 permutations. Dotted line means 5 % of 182 tests, the naive expectation.
